Purchasing Division

## INVITATION FOR BID Air Compressor/Breathing Air Station

ACCEPTANCE DATE/TIME: Prior to 3:00 p.m. November 6, 2012 "Eastern Standard Time"

RFP NUMBER: 2013-00033-IC

MAIL OR DELIVER RESPONSE TO: Purchasing Division  
Room 105  
441 Market Street  
Suffolk, Virginia 23434

BID OPENING LOCATION: Purchasing Conference Room  
441 Market Street, Room 105

Requests for information related to this Invitation should be directed to:

Ivy G. Crawford, VCA

(757) 514-4015

Email: [icrawford@suffolkva.us](mailto:icrawford@suffolkva.us)

This document can be downloaded from our web site:

[www.suffolkva.us](http://www.suffolkva.us)

Issue Date: October 24, 2012

IF YOU NEED ANY REASONABLE ACCOMMODATION FOR ANY TYPE OF DISABILITY IN ORDER TO PARTICIPATE IN THIS PROCUREMENT, PLEASE CONTACT THIS DIVISION AS SOON AS POSSIBLE.

If you have obtained this bid document from the City's website or a source other than the City of Suffolk, contact the Purchasing Division prior to submitting your bid to ensure that a complete up-to-date package has been received. The Purchasing Division is not responsible for providing addenda if the bidder is not listed as a prospective bidder.

# INVITATION FOR BID

## SECTION/TITLE

1.0	PURPOSE.....	3
2.0	COMPETITION INTENDED .....	3
3.0	GENERAL SPECIFICATIONS .....	3
4.0	INSTRUCTION TO BIDDERS .....	11
5.0	CONTRACT TERMS AND CONDITIONS .....	14

BID PRICING FORM AND OTHER FORMS TO BE EXECUTED BY THE BIDDER

Prepared by Ivy Crawford, Buyer I

Date: October 24, 2012

## **1.0 PURPOSE**

The intent of this Invitation for Bid is to purchase a breathing air station to refill self-contained breathing apparatus (SCBA) cylinders with purified air that meets or exceeds the requirements of CGA Pamphlet G-7, Compressed Air for Human Respiration, the requirements of ANSI/CGA G-7.1, Commodity Specification for Air, Grade E, and all other recognized standards for respirable air. The breathing air station shall be comprised in part of a high pressure 15 horse power compressor and purification system, storage system, cascade fill control panel and containment fill station. The station shall be designed for a maximum working pressure of 6,000 PSIG. All equipment shall be new and of current design and manufacture. Used or refurbished equipment will not be accepted. Materials shall be in accordance with all specifications, terms, and conditions herein.

## **2.0 COMPETITION INTENDED**

It is the City's intent that this Invitation for Bid (IFB) permits competition. It shall be the bidder's responsibility to advise the Purchasing Agent in writing if any language, requirement, specification, etc., or any combination thereof, inadvertently restricts or limits the requirements stated in this IFB to a single source. Such notification must be received by the Purchasing Agent not later than five (5) days prior to the date set for bids to close.

## **3.0 GENERAL SPECIFICATIONS**

### **3.1 Breathing Air Station**

The breathing air station shall be supplied on a steel base frame of welded construction. The frame shall be designed for both the static and dynamic loads of the system and of sufficient size to adequately accommodate all of the station's components. The compressor, purification system, fill station and all tubing shall be incorporated into an appliance-like enclosure complete with sound attenuation. The enclosure panels shall be equipped with a slam-action latches and lift-off hinges making it simple to facilitate inspection and maintenance. The enclosure and base frame shall be finished with a baked on polyester powder coat paint for the ultimate in durability, corrosion resistance, and long life.

The station shall be designed for against-the-wall installation, operation and maintenance and single-point operator control from the front of the station. The design of the station shall permit unrestricted cooling air flow to the compressor and motor when installed against a wall. All system instrumentation, controls and access to the containment fill station shall be located at the front of the station. The depth of the fill station portion of the breathing air station shall be adjustable thereby allowing it to fit through a standard 36" doorway. The station shall be designed for continuous duty operation indoors with room temperatures ranging between 40°F and 115°F. Installation shall not require a special foundation; however, it is the responsibility of the purchaser to ensure the installation site has a solid and level foundation that can support the weight of the station, the

availability of a qualified source of air for the intake of the compressor and adequate ventilation.

All piping and tubing shall be properly supported and protected to prevent damage from vibration during shipment, operation, or maintenance. Piping and tubing shall be installed in a neat and orderly arrangement, adapting to the contours of the station. All instrument tubing shall be 300 series stainless steel.

The station shall be warranted free from defects in material and workmanship for a period of eighteen months from date of shipment or twelve months from date of start-up, whichever expires first. The warranty shall not impose limitations on the station's accumulated operating hours during the warranty period.

### 3.2 Compressor

The compressor shall be an air-cooled, oil lubricated, four stage, four cylinders, single acting, reciprocating compressor. The crankcase shall be cast of a high strength, aluminum alloy. The crankshaft shall be of a single piece forged steel construction, and supported in the crankcase by three long-life roller bearings. The connecting rods shall be of single piece design and constructed of a high strength aluminum alloy. Each connecting rod shall incorporate a roller bearing at the crank end and needle bearing at the pin end. The pistons shall be constructed of an aluminum alloy. Piston rings on the first through third stage are of cast iron, the final stage rings shall be of a high strength polyimide. The final stage shall incorporate a ringed, free-floating, aluminum piston, which is driven by a guide piston and the previous stage's discharge pressure. The cylinders shall be of cast iron construction with deep cooling fins on the external surface for optimum heat dissipation. The cylinders shall be arranged in a dynamically balanced, diametrically opposed "X" configuration with each cylinder located directly in the cooling fan's blast. The cylinders shall be removable from the crankcase. The compressor's flywheel shall be of cast iron construction. A multi-wing, high velocity cooling fan shall be integral to the flywheel. The fan wings shall be replaceable.

An intercooler shall be provided after each stage of compression and an aftercooler shall be provided after the final stage of compression. The coolers shall be individually detachable from the compressor, located directly in the cooling fan's blast and made of a stainless steel. The aftercooler shall be designed to cool the discharge air to within 18°F of ambient temperature. A cool-down cycle shall not be required prior to stopping the compressor.

A separator shall be supplied after the second and third stages of compression, and a coalescing separator shall be supplied at the discharge of the compressor. An automatic condensate drain (A.C.D.)

system shall be supplied for all of the separators. The drain solenoid shall be controlled by the PLC and factory preset to drain the separators approximately every fifteen minutes for approximately six seconds. The A.C.D. system shall unload the compressor on shutdown for unloaded restart. An exhaust muffler and condensate reservoir shall be supplied. The condensate reservoir shall have a high liquid level indication system to provide system shutdown and to alert the operator that the condensate reservoir is at capacity. The operator shall be alerted that the reservoir is at capacity via an audible alarm and a scrolling text display message on the panel mounted operator / compressor interface. Manually operated valves shall be supplied to override the automatic operation of the A.C.D. system for test and maintenance purposes.

The compressor shall be lubricated by a combination splash /mist and low pressure lubrication system. The final stage of compression shall be lubricated by a pressurized lubrication circuit. The other stages and the driving gear shall be splash lubricated. The low-pressure lubrication circuit shall include a positive displacement oil pump, gear driven by the crankshaft, a non-adjustable oil pressure regulator, and a full-flow oil filter with replaceable element. A highly visible sight glass shall be included to check the oil level. The oil drain for the compressor shall be piped to the outside of the frame.

The compressor shall be equipped with an inlet filter with replaceable particulate element.

### 3.3 Prime Mover and V-Belt Drive

The three phase electric motor shall be of the open drip-proof (ODP) design. The motor voltage and frequency shall be specified by the purchaser. The compressor and motor shall be mounted on a common base that is vibration isolated from the station's main frame. The compressor and motor shall be arranged in a vertical design. Power from the motor shall be transmitted to the compressor by a v-belt drive. The v-belt drive shall be designed to tension the drive belts automatically. Rotation arrows shall be affixed in a conspicuous place on the compressor.

### 3.4 Electrical Control & Instrumentation

The compressor control panel (CCP) shall include an across-the-line magnetic motor starter, fused transformer and PLC controller. The CCP shall be built in accordance with UL 508A, the standard for Industrial Control Panels and shall be affixed with a UL label.

The PLC compressor control system consists of a programmable logic controller for the monitoring, protection and control of the compressor systems.

Standard features of the CCP include:

- A NEMA type 4 electrical enclosure
- UL electrical panel
- Human Machine Interface (HMI) with **Multi-Color Touch Screen Display** incorporating vivid TFT (Thin Film Transistor) Technology and NOT limited by touch cells (Optional mounting configurations available-up to 25 ft remote)
- Emergency Stop Palm Button
- Home screen customizable with distributor contact information
- Real Time Clock (time and date)
- Compressor on / off
- Digital Display of Compressor Final Pressure
- Digital Display of Compressor Oil Pressure
- Digital Display of current Compressor Run Time
- Digital Display of Final Separator Cycle Count
- Compressor High Temperature Shutdown and Alarm
- Full support of the Automatic Condensate Drain system (interval and duration set points adjustable thru the HMI - password protected)
  - Digital Display of time to next ACD Cycle
  - Condensate Drain Reservoir full alarm
- Carbon monoxide monitor (with calibration kit)
- Full support of CO monitor alarm functions
- Full support of a purification system moisture monitor warning and alarm functions
- Built in overtime timer set at 5 hours - optional times available
- Maintenance Timer (selectable between real time or compressor run time) to give Digital Display of all needed Preventative Maintenance Evolutions
- Motor overload alarm
- Nonresettable hourmeter
- Recoverable Run History (last 5 run periods)
- Recoverable Alarm History (last 5 fault shutdowns)
- Support of up to 5 Languages (to be specified at time of order; includes English, French, Spanish & Portuguese)
- Operator choice of display in BAR or PSI

For ease of Maintenance and Repair:

- PLC has removable Terminal Blocks for all functions
- Diagnostic EEPROM (Electrically Erasable Programmable Read-Only Memory) Capability
- Support of Two (2) Communication Protocols (optional)
  - o Ethernet Connection
  - o Analog Phone Modem

- Wiring shall be encapsulated within a split corrugated type loom. Each wire end connection shall be machine crimped and numbered.

The HMI shall have 22 adjustable system parameters secured by password protection. The HMI will provide display of all safety / fault shutdowns with a text read-out of up to three potential causes for the fault / shutdown.

The compressor oil pressure shall be monitored by a pressure transmitter and digitally displayed on HMI. The compressor shall shut down and a fault will be indicated on the HMI should the compressor's oil pressure drop below the factory preset value during operation. The oil pressure transmitter shall be by-passed during start-up to permit the oil pump to achieve the normal operating pressure.

The low oil pressure and final air pressure transmitters shall be equipped with sealed electrical connectors. The analog pressure sensors for oil pressure and final pressure shall have adjustable set point and dead-band thru the HMI (password protected).

A temperature switch shall be supplied on the head of the final stage of compression. The compressor shall shutdown and a fault will be indicated on the HMI should the final stage temperature exceed the tamper-proof set point during operation.

Fault shut downs shall not affect the ability to fill SCBA cylinders from the storage system as long as there is sufficient pressure in the storage to fill them.

### 3.5 Purification System

The purification system shall purify high pressure air to a quality that meets or exceeds the requirements of CGA Pamphlet G-7, Compressed Air for Human Respiration, ANSI/CGA G-7.1, Commodity Specification for Air, Grade E, and all other recognized standards for breathing air. Purification shall be achieved by mechanical separation of condensed oil and water droplets, adsorption of vaporous water by a desiccant, adsorption of oil vapor and elimination of noxious odors by activated carbon and conversion of carbon monoxide to respirable levels of carbon dioxide by catalyst.

The high pressure purification chambers shall have a working pressure of 6000 PSIG. The purification system shall utilize replaceable cartridges. The purification system shall be designed so that the replacement of the cartridges can be accomplished without disconnecting system piping. The design of the chambers shall preclude the possibility of operating the system without cartridges installed or with improperly installed cartridges.

A bleed valve shall be provided to vent the purification system to facilitate replacing the cartridges. A pressure maintaining valve and a check valve shall be supplied downstream of the purification system to increase the efficiency of the purification system by maintaining a positive back pressure. A check valve shall be supplied between the coalescing separator on the compressor's discharge line and the purification system to maintain the positive pressure in the purification system when the compressor shuts down.

A sensor shall be located in the purifier cartridge for direct monitoring of moisture levels. A Touch Screen Display shall indicate the status of the purifier cartridge. The system shall warn the operator, in advance, of the impending expiration of the cartridge via a scrolling text display message on the panel mounted operator / compressor interface. The compressor shall shut down automatically and the operator notified via audible alarm and scrolling text display message on the panel mounted operator / compressor interface should the operator fail to change the cartridge within the warning period. The compressor shall not be capable of restarting until the used cartridge(s) are replaced with new ones<sup>1</sup>. The moisture monitoring system shall be of a fail-safe design. Should the electrical contact between the display module and sensor be disconnected, an immediate fault shut down shall be affected. For absolute safety and highest quality breathing air, no manual override shall be supplied for the moisture monitor.

### 3.6 Cascade Fill Control / Instrument Panel

A steel instrument panel affixed with a non-glare Lexan→ overlay shall be installed on the front of the station. The overlay shall contain an embedded airflow schematic. The cascade fill control / instrument panel shall be hinged for easy maintenance and accessibility.

The cascade control panel shall be factory piped for four storage banks and designed to fill three SCBA/SCUBA cylinders either independently or simultaneously. The control panel shall include, at a minimum, a manual control valve and pressure gauge for each storage bank, an adjustable regulator for SCBA cylinder fill pressure complete with a pressure gauge for inlet and regulated pressure and a relief valve to protect the SCBA cylinders from overfilling, a manual control valve and pressure gauge for each fill position, a manual direction valve to allow the operator to select SCBA filling from either air storage or the compressor, provisions for factory or field modification to allow a different fill pressure at each fill position. The cascade system shall allow the simultaneous tasks of filling one storage bank while drawing down another during the SCBA fill process. Strategically placed tees and check valves preclude the need for individual "To" and "From" valves. Systems requiring individual "To" and

---

<sup>1</sup> Replace all cartridges at the same time.

“From” valves shall not be deemed acceptable, as they require more efforts to operate.

The system shall also be equipped with a Remote Fill with regulator, pressure gauge, line valve, and cabinet enclosed hose reel with 75 feet of high-pressure 6000 psi hose

All control panel mounted pressure gauges shall have a 2 ½” diameter and be liquid filled. A fluorescent light shall be factory installed above the panel to provide a glare-free illumination of the control panel. An on/off switch shall be integrated into the operator / compressor interface for the light.

### 3.7 Air Storage

The air storage system shall include four (4) receivers fabricated, tested and stamped in accordance to Section VIII of the ASME Boiler and Pressure Vessel Code. The receivers shall have a 3:1 safety factor at 6000 PSIG (7000 PSIG MAWP at 200°F). Each receiver shall have a capacity of 491 cu ft at 6000 PSIG<sup>2</sup>. The receivers shall be mounted in a vertical configuration in a rack that is integral to the breathing air station’s frame. The rack shall be designed to accommodate four identical receivers. The receivers shall be installed in accordance with 29 CFR 1910.169. The rack shall be designed to support the receivers in a secure manner and permit visual inspection of the receivers’ external surface. Each receiver shall be supplied with a manual drain valve, an isolation valve and safety relief valve. For ease of maintenance and periodic inspection all the drain valves shall be piped to one convenient location within the Unicus III enclosure. Each receiver, or bank of receivers if additional storage is required, shall be piped to the cascade fill control panel to facilitate cascade filling.

### 3.8 Containment Fill Station

The front-loading, three position; *tri pressure/two position* cylinder containment fill station shall totally enclose the SCBA or SCUBA<sup>3</sup> cylinders during the refilling process.

The fill station’s outer enclosure and door assemblies shall be constructed of formed ¼ inch thick plate steel. Venting shall be provided in the bottom of the fill station to allow the rapidly expanding air from a ruptured cylinder to escape from the fill station. The fill station shall be ergonomically designed for maximum operator convenience and safety for refilling cylinders. The fill station door and cylinder holder assembly shall tilt out towards the operator 45 degrees, providing unobstructed access to the cylinder holder to load and unload the cylinders. A chrome plated handle

---

<sup>2</sup> Capacity referenced to 70°F.

<sup>3</sup> SCUBAs up to 31” maximum overall length including valve, boot and fill yoke.

and heavy-duty gas spring shall be incorporated into the design of the fill station to assist the operator in opening and closing the fill station door. It shall take no more than approximately eighteen pounds of force to open or close the fill station door thereby eliminating operator fatigue.

Each cylinder holder shall be lined to prevent scuffing the outer surface of the SCBA cylinders. For complete operator protection, the fill station shall include a safety interlock system that will prevent refilling SCBA cylinders unless the fill station door is closed and secured in the locked position. The automatic interlock will require no actuation of secondary latching mechanism on the outside of the fill station.

Three fill hoses shall be located within the fill station. Each fill hose shall be equipped with a bleed valve and SCBA/SCUBA fill adapter of choice. Fill hose retainers shall be provided to anchor the fill hoses when not in use.

### 3.9 Testing and Preparation for Shipment

The breathing air station shall be tested by the manufacturer prior to shipment.

A manufacturer's nameplate shall be placed on the interior of the electric panel. The nameplate shall include, at a minimum, manufacturer's name, model number, serial number, compressor block number, and date of manufacture. Voltage, phase / frequency, and amperage are located on another label inside the electrical panel

The station shall be suitably prepared for motor freight transport. The station shall be bolted to a wooden pallet, wrapped in sheet plastic, and fully protected by a wooden crate. The compressor intake and similar openings shall be suitably covered. Component parts, loose parts or associated spare parts shall be packaged separately and shipped on the same pallet if feasible.

### 3.10 Documentation

A documentation package shall be supplied with the station. The documentation package shall include, at a minimum, an operation manual on CD, recommended spare parts list, warranty information and a start-up/warranty registration form.

The Operator's Instruction and Maintenance Manual for the breathing air station shall be as detailed as possible, outlining all operation and maintenance instructions. The manual shall include detailed illustrated drawings for the compressor block and all system components along with a complete parts listing for all illustrated components. Warnings and safety precautions shall be identified clearly in the manual.

### 3.11 Installation

The breathing air station shall be installed at Suffolk Fire Department, station #3, located in Suffolk, VA. The vendor shall be responsible for freight, set up, *all wiring*<sup>4</sup> and final piping of the storage system. The vendor shall also provide system inspection, startup and comprehensive user & maintenance training.

The vendor shall be responsible for removal of the current breathing air station<sup>5</sup>, located at Suffolk Fire Department station #3, so as the new unit can be installed. The City will entertain a trade-in allowance for the current unit. If trade-in allowance is accepted, vendor will still be responsible for removal of the air station.

### 3.12 Warranty

- 1 year on all parts, labor and workmanship
  - 5 years on compressor block, regardless of compressor hours
- All parts replaced during warranty period shall have original equipment standards or higher

## 4.0 INSTRUCTION TO BIDDERS

### 4.1 Submission of Bids

Pricing must be submitted on the Invitation for Bid pricing form only; failure to submit a bid on the official City form provided for that purpose shall be a cause for rejection of the bid. Include other information as requested or required. All bids shall be submitted in a sealed envelope and properly identified with the IFB number, IFB name and time and date of opening. The Bid may not be changed by markings on the envelope. Only the amounts indicated on the Bid Form will be considered in determining the final Bid Amount. Bids must be received by the Finance Department/Purchasing Division no later than the time specified on the opening date. ***Bids may be mailed to City of Suffolk, Purchasing Division, P.O. Box 1858, Suffolk, VA 23439-1858 or hand delivered to 441 Market Street, Room 105, Suffolk, Virginia 23434.*** Faxed and e-mailed bids shall not be accepted. It is the bidder's responsibility to ensure the bid is received prior to the bid acceptance time.

### 4.2 City Contacts

Questions related to bid submittals should be directed to:

Ivy Crawford VCA  
(757) 514-4015  
[icrawford@suffolkva.us](mailto:icrawford@suffolkva.us)

---

<sup>4</sup> Final Wiring shall be performed by a Licensed Electrician

<sup>5</sup> Eagle Compressor: Model # BAP10FC3 Manufacture Date 8/10/1994 Current Hours 1862.8

The Buyer is the designated authorized spokesperson for the City of Suffolk with respect to this IFB. All questions should be directed to the Buyer's attention. The respondents to this IFB shall not contact, either directly or indirectly, any other employee or agent of the City regarding this IFB. This prohibition shall also extend to the Suffolk City Council and locally elected officials. Any such unauthorized contact may disqualify the bidder from this procurement.

4.3 Firm Pricing

Bid price must be firm for City acceptance for ninety (90) days from bid opening date.

4.4 Pricing to be F.O.B. Destination – Freight Included

Pricing shall be F.O.B. destination-freight included for all competitive bids. F.O.B. Destination-Freight Included shall include all shipping costs to the City location(s) at the unit cost. No additional shipping charges shall be allowed.

4.5 Unit Price

Bid unit price on quantity specified – extend and show total. In case of errors in extension, unit prices shall govern.

4.6 Contract Quantities

The quantities specified in the Invitation for Bid are estimates only, and are given for the information of bidders and for the purpose of bid evaluation. They do not indicate the actual quantity, which will be ordered, since such volume will depend upon requirements, which develop during the contract period.

Quantities shown shall not be construed to represent any amount which the City shall be obligated to purchase under the contract, or relieve the contractor of his obligation to fill all orders placed by the City.

**NO BID WILL BE CONSIDERED WHICH STIPULATES THAT THE CITY OF SUFFOLK SHALL GUARANTEE A SPECIFIC AMOUNT OF WORK.**

4.7 Authority to Bind Firm in Contract

Bids must include full legal firm name and address of bidder. Failure to manually sign bid may disqualify it. Person signing bid shall have Authority to bind the firm in a Contract.

4.8 Withdrawal of Bids

Bids may be withdrawn any time prior to the bid opening. Withdrawal of bids may be accomplished by submitting such request in writing on the issuing company's letterhead either in person or by certified mail. No bids may be withdrawn after the established bid opening date or time, unless the purchaser has extended the opening date.

In case of error the bidder may request withdrawal of bid in writing to the buyer, by showing working papers and explaining the error. Such a request shall be no later than two working days after the bid opening.

#### 4.9 Rejection of Bid

The City reserves the right to waive any technical errors in bids received and/or to reject any and all bids. Without limiting the generality of the foregoing, any bid which is incomplete, obscure, or containing informalities may be rejected; any bid failing to comply with all terms and conditions or failing to conform to the specifications may be rejected; any bid having interlineations, erasures, or corrections not appropriately initialed by the bidder may be rejected; and any bid accompanied by an insufficient or irregular bid security may be rejected. The City is not required, but may waive informalities.

#### 4.10 Late Bid

Late bids will not be considered. It is the responsibility of the bidder to ensure the bid is received prior to the bid acceptance time.

#### 4.11 Rights of the City

The City reserves the right to accept or reject all or part of any bid, waive any informality and award the contract to the lowest responsive and responsible bidder to best serve the interest of the City.

#### 4.12 Use of Contract by Other Public Bodies

Bidders are advised that the resultant contract may be extended, with the authorization of the Bidder, to other public bodies, or public agencies or institutions of the United States to permit their use of the contract at the same prices and/or discounts and terms and conditions of the resulting contract. If any other public body decides to use the final contract, the Contractor shall deal directly with the public body concerning the placement of orders, issuance of the purchase orders, contractual disputes, invoicing and payment. The City of Suffolk acts only as the "Contracting Agent" for these public bodies. Failure to extend a contract to a public body will have no effect on consideration of your bid.

It is the Contractor's responsibility to notify the public body(s) of the availability of the contract(s).

Other public bodies desiring to use the contract shall make their own legal determination as to whether the use of this contract is consistent with their laws, regulations and other policies.

Each public body has the option of executing a separate contract with the Contractor(s). Public bodies may add terms and conditions required by statute, ordinances, and regulations, to the extent that they do not conflict with the contract terms and conditions. If, when preparing such a contract, the general terms and conditions of a public body are unacceptable to the Contractor, the Contractor may withdraw its extension of the award to that public body.

The City of Suffolk shall not be held liable for any costs or damages incurred by another public body as a result of any award extended to that public body by the Contractor.

4.13 Inclement Weather/closure of City Hall

If City Hall is closed for business at the time scheduled for bid opening, for whatever reason, sealed bids will be accepted and opened on the next scheduled business day, at the originally scheduled time.

4.14 Basis for Award

Contract award will be made to the lowest responsive and responsible bidder at the City's sole discretion. The City reserves the right to award the contract by item or in total for the contract period; the decision to make such award will be at the sole discretion of the City.

4.15 Announcement of Award

Upon the award or the announcement of the decision to award a contract as a result of this solicitation, the City will publicly post such notice on the bulletin board located outside of Room 105 of the Purchasing Division and/or on the City's web site, [www.suffolkva.us](http://www.suffolkva.us) for a minimum of ten (10) days.

4.16 Bidder Qualification

Only bids from established contractors for work similar in scope to work herein shall be considered; the City reserves the right to request specific reference information prior to award. Bidder shall demonstrate that he has adequate and appropriate manpower, tools and equipment to respond and perform in accordance with the provisions herein.

The City may, at its option, disqualify a bidder and reject his bid for cause. Reasons deemed to be sufficient for this action shall include, but not be limited to, the following:

- Evidence of collusion among bidders.
- Receipt of more than one bid on any project from an individual, or from a corporation. This restriction does not apply to subcontractors
- Default on any previous contract.
- For unreasonable failure to complete a previous contract within the specified time or for being in arrears on an existing contract without reasonable cause for being in arrears.
- Inability to perform as revealed by an investigation of the Bidder's financial statement, experience and/or plant and equipment.

## 5.0 CONTRACT TERMS AND CONDITIONS

The resulting contract with the successful bidder will be subject to the following terms and conditions:

5.1 License Requirement

All firms doing business in the City of Suffolk are required to be licensed in accordance with the City of Suffolk business license ordinance.

Wholesale and retail merchants without a business location in the City of Suffolk are exempt from this requirement. Any questions concerning business licenses should be directed to the Commissioner of the Revenue's Office, telephone (757) 514-4260.

5.2 Insurance

The successful offeror shall procure, maintain, and provide proof of, insurance coverages for injuries to persons and/or property damage as may arise from or in conjunction with, the work performed on behalf of the City by the offeror, his agents, representatives, employees or subcontractors. **Proof of coverage as contained herein shall consist of all policies, endorsements, declaration pages and certificates of insurance and shall be submitted fifteen (15) days prior to the commencement of work and such coverage shall be maintained by the offeror for the duration of the contract period; for occurrence policies. Claims made policies must be in force or that coverage purchased for three (3) years after contract completion date.**

- a. General Liability: Coverage shall be as broad as: Comprehensive General Liability endorsed to include Broad Form, Commercial General Liability form including Products/Completed Operations.

Minimum Limits

General Liability:

\$1,000,000 General Aggregate Limit  
\$1,000,000 Products & Completed Operations  
\$1,000,000 Personal and Advertising Injury  
\$1,000,000 Each Occurrence Limit  
\$50,000 Fire Damage Limit  
\$5,000 Medical Expense Limit

- b. Automobile Liability: Coverage sufficient to cover all vehicles owned, used, or hired by the CONTRACTOR, his agents, representatives, employees or subcontractors.

Minimum Limits

Automobile Liability:

\$1,000,000 Combined Single Limit  
\$1,000,000 Each Occurrence Limit  
\$5,000 Medical Expense Limit

- c. Workers' Compensation: Limits as required by the Workers' Compensation Act of Virginia. Employer's Liability: \$1,000,000.

- d. Coverage Provisions

1. All deductibles or self-insured retention shall appear on the declaration pages, endorsements, and/or policies provided.
2. The City of Suffolk, its officers/officials, employees, agents and volunteers shall be added as "additional insured" as their interests may appear. A copy of all endorsements, declaration pages and policies that address additional insureds shall be provided. This provision does not apply to Professional Liability or Workers' Compensation/Employers' Liability.
3. The offeror's insurance shall be primary over any applicable insurance or self-insurance maintained by the City.
4. The insurer shall provide 30 days written notice to the City before any cancellation, suspension, or void of coverage in whole or part, where such provision is reasonable.
5. All coverages for subcontractors of the offeror shall be subject to all of the requirements stated herein.
6. All deductibles or self-insured retention shall appear on the declaration page(s), endorsement(s) and/or policies and shall be subject to approval by the City. At the option of the City, either; the insurer shall reduce or eliminate such deductible or self-insured retention; or the offeror shall be required to procure a bond guaranteeing payment of losses and related claims expenses.
7. Failure to comply with any reporting provisions of the policy(s) shall not affect coverage provided the City, its' officers/officials, agents, employees and volunteers.
8. The insurer shall agree to waive all rights of subrogation against the City, its' officers/officials, agents, employees or volunteers for any act, omission or condition of premises which the parties may be held liable by reason of negligence.
9. The offeror shall furnish the City with all certificates of insurance, endorsements, declaration pages, and policies affecting coverage. All documents are to be signed by a person authorized by the insurance company(s) to bind coverage on its' behalf, if executed by a broker, notarized copy of authorization to bind, or certify coverage must be attached.
10. All insurance shall be placed with insurers maintaining an A.M. Best rating of no less than an A: VII. If A.M. Best rating is less than A: VII, approval must be received from City's Risk Management Director.

All coverage designated herein shall be as broad as the Insurance Services Office (ISO) forms filed for use with the Commonwealth of Virginia.

### 5.3 Hold Harmless Clause

The Contractor shall, during the term of the contract, defend, indemnify and hold harmless the City of Suffolk from and against any and all losses, damages, claims, fines, penalties, suits and costs, including bodily injury or death of any person(s), or loss or damage to property, as well as fines, assessments and penalties imposed by any authority which may arise out of any violations of law by, and all acts and omissions of the Contractor, the Contractor's agents, employees occurring in connection with the products, completed operations, and other services covered herein.

### 5.4 Safety

All contractor and subcontractor performing services for the City are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and City Safety and Occupational Health Standards and any other applicable rules and regulations. Also all contractors and subcontractors shall be held responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site area under this contract.

### 5.5 Anti-Discrimination

By submitting their bids, bidders certify to the City that they will conform to the provisions of the Federal Civil Rights Act of 1964, as amended, as well as the Virginia Fair Employment Contracting Act of 1975, as amended, where applicable, the Virginians with Disabilities Act, the Americans with Disabilities Act and 2.2-4311 of the Virginia Public Procurement Act (VPPA). If the award is made to a faith-based organization, the organization shall not discriminate against any recipient of goods, services, or disbursements made pursuant to the contract on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender or national origin and shall be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the public body. (Code of Virginia 2.2.4343.1E).

In every contract over \$10,000 shall include the following provisions:

1. During the performance of this contract, the contractor agrees as follows:
  - a. The contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, service disabled veterans or any other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

- b. The contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, will state that such contractor is an equal opportunity employer.
  - c. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting these requirements.
2. The contractor will include the provisions of No. 1 above in every subcontract or purchase order over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

5.6 Ethics in Public Contracting

By submitting a bid, the bidder certifies that their bid is made without collusion or fraud and that they have not offered or received any kickbacks or inducements from any other bidder, supplier, manufacturer or subcontractor in connection with their bid, and that they have not conferred on any public employee having official responsibility for this procurement transaction any payment, loan subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged. (Code of Virginia 2.2-4367)

5.7 Compliance with Federal Immigration Law

Contractor does not, and shall not during the performance of the contract for goods and services in the Commonwealth of Virginia knowingly employ an unauthorized alien as defined in the Federal Immigration Reform and Control Act of 1986.

5.8 Debarment Status

By submitting a bid, bidders certify that they are not currently debarred by the Commonwealth of Virginia from submitting bids or proposals on contracts for the type of goods and/or services covered by this solicitation, nor are they an agent of any person or entity that is currently so debarred.

5.9 Drug-free Workplace

During the performance of this contract, the contractor agrees to (i) provide a drug-free workplace for the contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or behalf of the contractor that the contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

For the purpose of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific contract awarded to a

contractor in accordance with this chapter, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana during the performance of the contract.

5.10 Exemption from Taxes

The City is exempt from State Sales Tax and Federal Excise Tax. Tax Exemption Certificate indicating the City's tax exempt status will be furnished by the City of Suffolk.

5.11 Faith-Based Organizations

**City of Suffolk does not discriminate against faith-based organizations.**

5.12 Substitutions

NO substitutions or cancellations permitted after award without written approval by the Purchasing Agent.

5.13 Method of Payment

Contractor shall submit invoices in duplicate for each delivery, such statement to include detailed breakdown of all charges, and shall be based on completion of tasks or deliverables.

Invoices shall be submitted to using departments.

Upon acceptance of work, the City will render payment within forty-five (45) days of receipt of invoice. Interest shall accrue at the rate of one percent per month. Unless otherwise provided under the terms of this CONTRACT, interest for late payments shall not exceed one percent (1%) per month.

Individual contractors shall provide their social security numbers, and proprietorships, partnerships, and corporations shall provide their federal employer identification number on the pricing form.

5.14 Payments to Subcontractors

Within seven (7) days after receipt of monies paid by the City for work performed by a subcontractor under this contract, the contractor shall either:

- a. Pay the subcontractor for the proportionate share of the total payment received from the City attributable to the work performed by the subcontractor under this contract; or
- b. Notify the City and subcontractor, in writing, of his intention to withhold all or a part of the subcontractor's payment and the reason for non-payment.

The contractor shall pay interest to the subcontractor on all amounts owed that remain unpaid beyond the seven (7) day period except for amounts withheld as allowed in item b above.

5.15 Non-Assignment

This contract may not be assigned in whole or in part without the written consent of the Purchasing Agent.

5.16 Termination without Cause

The CITY may at any time, and for any reason, terminate this Contract by written notice to CONTRACTOR specifying the termination date, which shall be not less than thirty (30) days from the date such notice is mailed.

Notice shall be given to CONTRACTOR by certified mail/return receipt requested at the address set forth in CONTRACTOR's Bid Proposal or as provided in this Contract.

In the event of such termination, CONTRACTOR shall be paid such amount as shall compensate CONTRACTOR for the work satisfactorily completed, and accepted by the CITY, at the time of termination.

If the CITY terminates this Contract, CONTRACTOR shall withdraw its personnel and equipment, cease performance of any further work under this Contract, and turn over to the CITY any work completed or in process for which payment has been made.

5.17 Termination With Cause/Default/Cancellation

In the event that CONTRACTOR shall for any reason or through any cause be in default of the terms of this Contract, the City may give CONTRACTOR written notice of such default by certified mail/return receipt requested at the address set forth in Contractor's Bid/Proposal or as provided in this CONTRACT.

Unless otherwise provided, CONTRACTOR shall have ten (10) days from the date such notice is mailed in which to cure the default. Upon failure of CONTRACTOR to cure the default, the CITY may immediately cancel and terminate this CONTRACT as of the mailing date of the default notice.

Upon termination, CONTRACTOR shall withdraw its personnel and equipment, cease performance of any further work under the CONTRACT, and turn over to the CITY any work in process for which payment has been made.

In the event of violations of law, safety or health standards and regulations, this CONTRACT may be immediately cancelled and terminated by the CITY and provisions herein with respect to opportunity to cure default shall not be applicable.

5.18 Non-Appropriation- Availability of Funds

It is understood and agreed between the parties hereto that the CITY shall be bound and obligated hereunder only to the extent that the funds shall have been appropriated and budgeted for the purpose of this CONTRACT. In the event funds are not appropriated and budgeted in any fiscal year for payments due under this CONTRACT, the CITY shall immediately notify CONTRACTOR of such occurrence and this CONTRACT shall terminate on the last day of the fiscal

year for which the appropriation was made without penalty or expense to the CITY of any kind whatsoever.

5.19 Severability

If any part, term, or provision of this agreement, shall be found by the Court to be legally invalid or unenforceable, then such provision or portion thereof, shall be performed in accordance with applicable laws. The invalidity or unenforceability of any provision or portion of any contract document shall not affect the validity of any other provision or portion of the contract document.

5.20 Applicable Laws

This contract shall be governed in all respects by the laws of the Commonwealth of Virginia. Any judicial action shall be filed in the Commonwealth of Virginia, City of Suffolk.

5.21 Controlling Law; Venue, Pending/During Litigation

This CONTRACT shall be governed by the applicable laws of the Commonwealth of Virginia without regard to its conflict of law rules. In the event of litigation concerning this CONTRACT, the parties agree to the exclusive jurisdiction and venue of the appropriate state court for the City of Suffolk, Virginia; however, in the event that the federal court has jurisdiction over the matter, then the parties agree to the exclusive jurisdiction and venue of the U.S. District Court for the Eastern District of Virginia, Norfolk Division.

The CONTRACTOR shall not cause a delay in services because of pending litigation or during litigation proceedings, except with the express, written consent of the CITY or by written instruction/order from the Court.

5.22 Compliance with State Law, Foreign and Domestic Business authorized to Transact Business in the Commonwealth (VPPA §2.2 – 4311.2)

A bidder or offeror organized or authorized to transact business in the Commonwealth pursuant to Title 13.1 or Title 50 is to include in its bid or proposal the identification number issued to it by the State Corporation Commission. Any bidder or offeror that is not required to be authorized to transact business in the Commonwealth as a foreign business entity under Title 13.1 or Title 50 or as otherwise required by law shall include in its bid or proposal a statement describing why the bidder or offeror is not required to be so authorized. A public body may void any contract with a business if the business fails to remain in compliance with the provisions of this section.

5.23 Changes and Additions

It shall be the responsibility of the Contractor to notify the City, in writing, of any necessary modifications or additions in the Scope of this Agreement. Compensation for changes or additions in the Scope of this Agreement will be negotiated and approved by the City, in writing.

It is understood and agreed to by both the City and the Contractor that such modifications or additions to this Agreement shall be made only by the full execution of the City's standard Agreement change order form. Furthermore, it is understood and agreed by both parties that any work done by the Contractor on such modification or addition to this Agreement prior to the City's execution of its

standard Agreement change order form shall be at the total risk of the Contractor and said work may not be compensated by the City.

5.24 Responsibility of Contractor

The Contractor shall, without additional costs or fee to the City, correct or revise any error or deficiencies in his performance. Neither the City's review, approval or acceptance of, nor payment for any of the services required under this Agreement shall be deemed a waiver of rights by the City, and the Contractor shall remain liable to the City for all costs which are incurred by the City as a result of the Contractor's negligent performance of any of the services furnished under this agreement.

5.25 Conflict of Interest

Contractor shall not accept or receive commissions or other payments from third parties for soliciting, negotiating, procuring, or effecting insurance on behalf of the City.

## ANTICOLLUSION/NONDISCRIMINATION/DRUG FREE WORKPLACE CLAUSES

**ANTICOLLUSION CLAUSE:**

IN THE PREPARATION AND SUBMISSION OF THIS BID, SAID BIDDER DID NOT EITHER DIRECTLY OR INDIRECTLY ENTER INTO ANY COMBINATION OR ARRANGEMENT WITH ANY PERSON, FIRM OR CORPORATION, OR ENTER INTO ANY AGREEMENT, PARTICIPATE IN ANY COLLUSION, OR OTHERWISE TAKE ANY ACTION IN THE RESTRAINT OF FREE, COMPETITIVE BIDDING IN VIOLATION OF THE SHERMAN ACT (15 U.S.C. SECTION 1), SECTIONS 59.1-9.1 THROUGH 59.1-9.17 OR SECTIONS 59.1-68.6 THROUGH 59.1-68.8 OF THE CODE OF VIRGINIA.

THE UNDERSIGNED BIDDER HEREBY CERTIFIES THAT THIS AGREEMENT, OR ANY CLAIMS RESULTING THEREFROM, IS NOT THE RESULT OF, OR AFFECTED BY, ANY ACT OF COLLUSION WITH, OR ANY ACT OF, ANOTHER PERSON OR PERSONS, FIRM OR CORPORATION ENGAGED IN THE SAME LINE OF BUSINESS OR COMMERCE; AND, THAT NO PERSON ACTING FOR, OR EMPLOYED BY, THE CITY OF SUFFOLK HAS AN INTEREST IN, OR IS CONCERNED WITH, THIS BID; AND, THAT NO PERSON OR PERSONS, FIRM OR CORPORATION OTHER THAN THE UNDERSIGNED, HAVE, OR ARE, INTERESTED IN THIS BID.

**DRUG-FREE WORKPLACE:**

DURING THE PERFORMANCE OF THIS CONTRACT, THE CONTRACTOR AGREES TO (I) PROVIDE A DRUG-FREE WORKPLACE FOR THE CONTRACTOR'S EMPLOYEES; (II) POST IN CONSPICUOUS PLACES, AVAILABLE TO EMPLOYEES AND APPLICANTS FOR EMPLOYMENT, A STATEMENT NOTIFYING EMPLOYEES THAT THE UNLAWFUL MANUFACTURE, SALE, DISTRIBUTION, DISPENSATION, POSSESSION, OR USE OF A CONTROLLED SUBSTANCE OR MARIJUANA IS PROHIBITED IN THE CONTRACTOR'S WORKPLACE AND SPECIFYING THE ACTIONS THAT WILL BE TAKEN AGAINST EMPLOYEES FOR VIOLATIONS OF SUCH PROHIBITION; (III) STATE IN ALL SOLICITATIONS OR ADVERTISEMENTS FOR EMPLOYEES PLACED BY OR ON BEHALF OF THE CONTRACTOR THAT THE CONTRACTOR MAINTAINS A DRUG-FREE WORKPLACE; AND (IV) INCLUDE THE PROVISIONS OF THE FOREGOING SECTIONS I, II, AND III IN EVERY SUBCONTRACT OR PURCHASE ORDER OF OVER \$10,000, SO THAT THE PROVISIONS WILL BE BINDING UPON EACH SUBCONTRACTOR OR VENDOR.

FOR THE PURPOSE OF THIS SECTION, "DRUG-FREE WORKPLACE" MEANS A SITE FOR THE PERFORMANCE OR WORK DONE IN CONNECTION WITH A SPECIFIC CONTRACT AWARDED TO A CONTRACTOR IN ACCORDANCE WITH THIS CHAPTER, THE EMPLOYEES OF WHOM ARE PROHIBITED FROM ENGAGING IN THE UNLAWFUL MANUFACTURE, SALE, DISTRIBUTION, DISPENSATION, POSSESSION OR USE OF ANY CONTROLLED SUBSTANCE OR MARIJUANA DURING THE PERFORMANCE OF THE CONTRACT.

**NONDISCRIMINATION CLAUSE:**

1. EMPLOYMENT DISCRIMINATION BY BIDDER SHALL BE PROHIBITED.
2. DURING THE PERFORMANCE OF THIS CONTRACT, THE SUCCESSFUL BIDDER SHALL AGREE AS FOLLOWS:
  - A. THE BIDDER, WILL NOT DISCRIMINATE AGAINST ANY EMPLOYEE OR APPLICANT FOR EMPLOYMENT BECAUSE OF RACE, RELIGION, COLOR, SEX, NATIONAL ORIGIN, AGE, DISABILITY, OR ANY OTHER BASIS PROHIBITED BY STATE LAW RELATING TO DISCRIMINATION IN EMPLOYMENT, EXCEPT WHERE THERE IS A BONA FIDE OCCUPATIONAL QUALIFICATION/CONSIDERATION REASONABLY NECESSARY TO THE NORMAL OPERATION OF THE BIDDER. THE BIDDER AGREES TO POST IN CONSPICUOUS PLACES, AVAILABLE TO EMPLOYEES AND APPLICANTS FOR EMPLOYMENT, NOTICES SETTING FORTH THE PROVISIONS OF THIS NONDISCRIMINATION CLAUSE.
  - B. THE BIDDER, IN ALL SOLICITATIONS OR ADVERTISEMENTS FOR EMPLOYEES PLACED ON BEHALF OF THE BIDDER, WILL STATE THAT SUCH BIDDER IS AN EQUAL OPPORTUNITY EMPLOYER.
  - C. NOTICES, ADVERTISEMENTS, AND SOLICITATIONS PLACED IN ACCORDANCE WITH FEDERAL LAW, RULE OR REGULATION SHALL BE DEEMED SUFFICIENT FOR THE PURPOSE OF MEETING THE REQUIREMENTS OF THIS SECTION.
  - D. BIDDER WILL INCLUDE THE PROVISIONS OF THE FOREGOING SECTIONS A, B, AND C IN EVERY SUBCONTRACT OR PURCHASE ORDER OF OVER \$10,000, SO THAT THE PROVISIONS WILL BE BINDING UPON EACH SUBCONTRACTOR OR VENDOR.
