ADDENDUM #1

Exterior Dome PTZ Cameras

Because of recent legislation banning the use of Dahua and Hikvision (and their OEM's) for the U.S. government (NDAA 2019) for U.S. government-funded contracts and for critical infrastructure and national security usage, the City will no longer accept Hikvision (Advidia) PTZ cameras, or other brands affected by this law. These cameras will not be accepted for this IFB; bidders offering this brand/product will be considered non-responsive. Please refer to the following link for additional information: <https://ipvm.com/reports/ban-law>

The ban will go into effect on August 13, 2019. Since the City of Suffolk currently uses Advitia cameras, the City may opt to replace its existing cameras with new cameras once the ban goes into effect. This may change the estimated quantity of cameras that the City may be purchasing in the future.

For the purposes of this IFB and evaluation of bids, however, the City estimates that it will purchase thirty (30) cameras during the contract period. Past purchases included approximately thirty (30) cameras during the last three-year contract period.

Bidders are reminded that the pricing quoted on the BID FORM is for cameras only. Mounting hardware/materials are not included in the bid pricing and evaluation, but may be purchased by the City at the discount provided in the appropriate space on the BID FORM.

Bid opening will remain at 3:00 p.m. on August 23, 2018.

If you have any questions regarding Addendum Number 1, please contact the Senior Buyer, Cindy Norfleet, at (757) 514-7522 or via e-mail at cnorfleet@suffolkva.us.
