The Invitation for Bid (IFB) for IFB 19062-JS for Sleepy Hole Bid Stabilization for the Department of Parks and Recreation has been amended. The following changes, additions, and/or deletions are hereby made a part of the Contract Documents for IFB 19062-JS as fully and completely as if the same were fully set forth therein:

The following questions and answers are incorporated into the bid:

- Q1: Can you please clarify the 55 day duration and liquidated damages for this job? Are all 3 projects to be completed during this window or just Planters? The IFB says 55 calendar days, is weekend work permitted? Also with the calendar days, do the LD's start after 55 calendar days or 55 calendar days worked?
- A1: All projects are to be completed in 55 calendar days. Liquidated Damages start on 55 calendar days after the date stated on the Notice to Proceed. Please see Page 60, Paragraph 41 regarding weekend work. The Planters club needs to be finished in March.
- Q2: Sheet 6.00 Planting Specifications calls for Vispore Tree Mats and Sheet 6.01 details the different sizes of tree mats for the different size plant material. The question is Vispore tree mats only come in 36"x36" would that size be acceptable for all of the plant sizes?
- A2: Bidders need to reference the minimum tree mat sizes specified in the details on sheet 6.01. There is also a note on the details referencing EcoDepot, LLC as the appropriate source for the tree mats. The Vispore mats are too large for this application given the density of plantings, and may compromise the establishment of the grass in these areas. The EcoDepot mats come in diameter sizes (round shapes), provide superior moisture retention and are made of biodegradable coconut fiber.
