The Request for Qualifications (RFQ) for Master Plan for Airport Maintenance Building has been amended.

REVISIONS

Page 5 - 2.0 Background

The new building will be 180' x 40' x 14'. The building will have 12' openings.

Page 11 – Signature Sheet

Delete the following sentence:

“My signature certifies the understanding that the total project is for the design and construction of 1,585 linear feet of roadway estimated to cost approximately \$2.5 million for which the City of Suffolk will allocate \$800,000.”

The following questions and answers are incorporated in the RFP:

Q1: What is the scope of the site development surrounding the building?

A1: The site work scope includes all labor, materials, and equipment necessary for the demolition of the existing maintenance building, demolition of the existing western side asphalt drive aisle, erosion control items, grading the pad site for the new building, gravel driveways to the new building, minor drainage improvements, water and sewer utility connections, concrete sidewalk, and installation of a new asphalt drive aisle on the west side of the building. Please see the attached Site Plan.

Attachment - Maintenance Building Site Preparation (9 pages)

All other information remains unchanged.

Contract Officer:

Jay Smigielski, Purchasing Agent.
