In addition, the Contractor agrees not to interrupt the normal traffic flow.

Special care shall be taken so as not to damage cemetery monuments, headstones, footstones, vases, etc. **The contractor shall be responsible for repairing all such damage.**

All work shall be performed in a professional and workman-like manner by experienced and well trained uniformed personnel, utilizing clean, well-maintained equipment of the latest and most efficient design.

The Contractor shall train crew members to respect not only the solemn dignity of the cemetery, avoiding loud talking, running, etc., but will also train all employees concerning the provisions of this request for proposal and the need to prevent the damage to tombs, stones and monuments.

MOWING AND TRIMMING

Mowing all open areas, to include the field and ditch part of Holly Lawn up to the cedar trees which consists of five (5) acres, and trimming around all stones, both flat and raised lot pins as well as any other fixtures, fences, shrubs or raised installations. Grass shall be mowed to a height of two (2) inches using equipment as specified herein.

Annual mowing season is from March 15 through November 1. It is anticipated that each cemetery will be mowed and trimmed a minimum of 18 times per year. In addition there will be certain holidays which will require additional mowing. The mowing season may vary depending on the weather and will be at the discretion of the Cemetery Superintendent.

As much as practical the mowing schedule will be developed to assure appropriate mowing for the holidays without additional mowing. The mowing schedule may be affected by weather conditions. Should weather delay the schedule, mowing will be required as soon as the cemetery is suitable for mowing as determined by the Cemetery Superintendent.

Cemetery sections shall be done in order starting on one side of the cemetery and working toward the other, unless otherwise directed by the Cemetery Superintendent.

Mowing and trimming operations shall be performed in such a manner as to prevent the piling of excessive and unsightly grass clippings on lawns. The Contractor shall remove excessive clippings immediately following each mowing cycle prior to work crew leaving the work site.

Contractor shall include all trimming at each mowing using hand labor, or mechanical devices. Trimming shall include around all trees, shrubs, beds, fences, groundcovers, utilities poles, buildings, obstacles, curbing, sidewalks, and parking lots, concrete pads, including cracks and expansion joints and edges of all exterior hard surfaces. Any vegetation not cut by the mowing operation located to adjacent to, above, or hanging over the curb must be trimmed each

mowing cycle. At time of each mowing, trimming shall be done in a manner as not to damage trees, shrubs, fences, etc. At no time shall wild vegetation be allowed to grow out of these areas.

At the time of each mowing, the contractor shall remove all wild vines, trees, and other vegetation growing up between and around grave markers, monuments, and other obstacles before it reaches six (6) inches in height. At no time shall any vegetative growth be allowed to remain growing up between and/or any grave markers or monuments. Vegetation **does not include** ivy covering the graves. However, ivy should be trimmed when out of control as deemed necessary by the Cemetery Superintendent. Growth above the ivy should be cut and/or trimmed during regular grass cutting season.

No tractors shall be used for mowing without approval of the Cemetery Superintendent; only riding mowers and zero-turn mowers. A high quality of cut shall be provided using mowers with sharp cutting edges. Contractor shall only use equipment with safety guards and shall practice safe operating procedures to properly protect the operator, bystanders, and adjacent property from injury/damage. Mowing shall be in such a manner as not to damage trees, shrubs, plants, signs, or other obstructions.

Contractor shall not be allowed to continue with routine maintenance while funeral services are being held unless approved by the Cemetery Superintendent.

Contractor shall herbicide roadways in both cemeteries at the discretion of the Cemetery Superintendent. This should be done in a manner not to kill the grass in the connecting sections. All herbicides shall be environmentally safe and comply with all federal, state and local regulations. Contractor shall be registered and keep valid all permits, licenses, and certifications.

LITTER REMOVAL AND DISPOSAL OF LITTER DEBRIS

Prior to each mowing operation, the Contractor shall remove all litter and debris, including paper, cans, bottles, bags, grass clippings, accumulated leaves, dead or unsightly burial decorations; and other tree litter including tree limbs from the areas of contract locations. Including but not limited to fence lines, lawns, sidewalks, trees shrubs, groundcover beds, all curbs and gutters, and other hard surfaces, etc. within the contract areas. Special attention shall be given to insure the removal of objects, which may cause injury, if thrown from mowing equipment.

All resulting lawn clippings shall be removed from ANY AND ALL grave markers, roadways, walkways, parking areas, or any other hard surfaces including curbs and gutters from plant beds, tree collars, etc., IMMEDIATELY after each mowing by the Contractor prior to the work crew leaving the work site. This must be performed immediately on a DAILY basis. Clippings are NOT to be left on ANY surface following mowing.

Contractor shall provide prompt removal of all burial decorations from individual graves, as directed by the Cemetery Superintendent. This is generally required five (5) to ten (10) days after a burial.

Litter collection shall be included as part of the mowing price and litter may be disposed of in the dumpster at Holly Lawn. The Contractor shall always be required to promptly (the day it is collected) remove all litter and debris and have it promptly disposed of. Should the Contractor

dispose of the litter and debris at an illegal dumpsite, it shall be cause for termination of this agreement.

Leaf raking and removal will be considered as part of the mowing price. Leaves must be blown to an area designated by the Cemetery Superintendent.

Removal of flowers and other arrangements shall be considered as part of the mowing price and removal will be directed by the Cemetery Superintendent. As much as possible removal may be scheduled during regular mowing.

SHRUBS, TREES AND CITY MAINTAINED FLOWER BEDS

Seasonal planting shall occur three (3) times a year. Currently the only flower bed to be maintained is at the entrance off of North Main Street onto Mahan Street at Cedar Hill Cemetery. Contractor shall not perform site work on Sundays or Holidays.

SITE DEFECTS

EVALUATION AND AWARD CRITERIA

The City's Evaluation Committee shall review each proposal and verify the claims and credentials of each offeror. Selection will be made for each proposal on the basis of the criteria listed below. Weights to each rating will be applied as indicated below:

- Understanding of the tasks and requirements. (25%)
- Capability to meet cutting schedules. (15%)
- Fee proposal for proposed work plan. (5%)
- Overall quality and completeness of proposal. (5%)

Once each member of the Evaluation Committee has independently read and rated each proposal and completed an evaluation matrix for each Offeror, a composite preliminary rating will be developed which indicates the group's collective ranking of the highest rated proposals in a descending order. The preliminary rating will be used to select the firms for further consideration—the short-list.

At this point, the Evaluation Committee will conduct interviews and/or discussions with the top ranked firms, usually the top three (3) to five (5) depending upon the number of proposals received.

After the interviews, the Evaluation Committee will finalize the rankings based on the firms' presentations. Final negotiations for a binding fee will begin with the top ranked firm. If a contract acceptable to the City cannot be negotiated at rates that are considered fair and reasonable, negotiations shall be terminated with that firm, and negotiations will be conducted with the next ranked firm, and so on, as required under the Virginia Public Procurement Act. The rankings shall remain confidential until after the contract award.

Should the City determine, in its sole discretion, that only one Offeror is qualified, or that one offeror is clearly more highly qualified than the other under consideration, a contract may be negotiated and awarded to that Offeror. The file will show the Committee's reason for basis of selection.

The successful firm will be expected to enter into a contract with the City of Suffolk based upon their submittal, any additional negotiated terms, and best and final pricing. The successful firm shall be expected to execute and return the contract documents to the City within ten (10) business days of receipt.
